Report on

❖ Anti-Drug Awareness Programme (02 May 2026)

Introduction

JNTUH University College of Engineering Sultanpur organized a series of awareness, wellness, academic, social service, and technology-oriented programmes during May 2026. These activities were designed to promote holistic development, social responsibility, healthy living, academic excellence, and technological awareness among students and staff.

❖ Anti-Drug Awareness Programme (02 May 2026)

An Anti-Drug Awareness Programme was jointly organized by **JNTUH University College of Engineering Sultanpur (JNTUH UCES)** and the **Prohibition and Excise Department** on 02 May 2026 with the objective of educating students about the harmful effects of drug abuse and promoting a healthy, responsible, and drug-free lifestyle.

The programme was conducted by Sri Sagar Reddy, Circle Inspector (CI), Prohibition and Excise Department. During the session, he explained the physical, psychological, social, and legal consequences of substance abuse and emphasized the importance of staying away from drugs and other addictive substances. He highlighted how drug addiction can adversely affect an individual's health, education, career, and family life.

The resource person encouraged students to make informed decisions, resist negative peer pressure, and actively contribute towards building a drug-free society. He also elaborated on the

role of law enforcement agencies in preventing drug abuse, enforcing relevant laws, and creating awareness among the public regarding the dangers of narcotic substances.

The programme was attended by **Dr. Y. Raghavender Rao, Vice Principal**, faculty members, and a large number of students. Their active participation reflected the institution's commitment to addressing important social issues and ensuring the well-being of students.

Students actively participated in the awareness session, interacted with the speaker, and expressed their commitment to maintaining a healthy and disciplined lifestyle. At the conclusion of the programme, all participants took a pledge to promote a safe, healthy, and drug-free campus environment.

The programme successfully enhanced awareness among students regarding the risks associated with drug abuse and reinforced the commitment of both **JNTUH UCES** and the **Prohibition and Excise Department** towards creating a secure, healthy, and drug-free educational environment.

❖ Safety Awareness Programme (04 May 2026)

A Safety Awareness Programme was jointly organized by **JNTUH University College of Engineering Sultanpur (JNTUH UCES)** and the **Barosa Centre, Police Department, Sangareddy** on 04 May 2026 with the objective of educating students about personal safety, cyber safety, and social responsibility.

The programme focused on creating awareness about various safety measures that students should adopt in their daily lives, including road safety, women's safety, cybercrime prevention, emergency response, and the responsible use of social media platforms. The resource persons provided valuable insights into the importance of vigilance, self-protection, and adherence to safety guidelines in both physical and digital environments.

Interactive sessions and discussions were conducted to help students understand the risks associated with unsafe online activities, cyber frauds, identity theft, social media misuse, and other emerging security challenges. The speakers emphasized the need for responsible online behavior and encouraged students to remain alert while using digital platforms. They also highlighted the importance of reporting suspicious activities, seeking timely assistance from authorities, and contributing towards the creation of a safe and secure society.

The programme was attended by **Dr. S. Viswanadha Raju, Principal**, Dr. Y.Raghavender Rao, Vice Principal, Staff members, Barosa Centre team and a large number of students. Their enthusiastic participation reflected the institution's commitment to student welfare and holistic development.

Students actively engaged in the programme by interacting with the resource persons, sharing their concerns, and gaining practical knowledge on ensuring personal safety and responding effectively to emergency situations. The awareness session enhanced their understanding of contemporary safety issues and encouraged them to adopt responsible practices in their daily lives.

The programme concluded with a message emphasizing collective responsibility in maintaining a safe campus and community environment. The event successfully strengthened students' awareness of safety-related issues and reinforced the commitment of **JNTUH UCES** and the **Barosa Centre, Police Department, Sangareddy** towards promoting safety, security, and social responsibility among young citizens.

❖ Education Week (Vidya Varotsavalu) (11-17 May 2026)

The Government of Telangana organized **Education Week (Vidya Varotsavalu)** from 11 May to 17 May 2026 under the **Praja Palana - Pragathi Pranalika** programme to promote the importance of education and strengthen community participation in educational development.

The week-long programme was inaugurated by the **Hon'ble Chief Minister of Telangana, Sri A. Revanth Reddy**, at **LB Stadium, Hyderabad**, on 11 May 2026. Various educational and awareness activities were conducted across the state with the aim of encouraging student enrollment, improving attendance, enhancing learning outcomes, and creating a positive educational environment.

JNTUH University College of Engineering Sultanpur actively participated in the programme. Students and faculty members

took part in the various activities conducted during the week, demonstrating their commitment to academic excellence and educational development. The programme provided an opportunity to highlight the importance of quality education and the collective responsibility of educational institutions in shaping the future of students.

The programme was attended by **Dr. S. Viswanadha Raju, Principal, Sri K. Sathya Sai, Deputy Registrar**, faculty members, and students. Their participation reflected the institution's support for government initiatives aimed at improving the education system and fostering a culture of learning.

The successful celebration of Education Week enhanced awareness about the value of education and reinforced the commitment of JNTUH UCES towards academic growth, student development, and community engagement.

❖ Yoga and Wellness Session (12 May 2026)

A **Yoga and Wellness Session** was jointly organized in virtual mode on 12 May 2026 by **JNTUH University College of Engineering Sultanpur (JNTUH UCES)** and **Om Parampara** under the guidance of **Dr. Sailaja Simma, Founder of Om Parampara**. The programme aimed to promote physical fitness, mental well-being, stress management, and healthy lifestyle practices among students and staff members.

During the session, Dr. Sailaja Simma emphasized the importance of yoga in maintaining physical health, improving concentration, reducing stress, and achieving emotional balance. Participants were guided through various yoga postures, breathing techniques, and relaxation exercises that contribute to overall wellness and improved quality of life.

The session also focused on the significance of mindfulness, emotional well-being, and the adoption of healthy habits in daily life. The resource person highlighted how regular yoga practice can enhance mental clarity, increase self-discipline, and help individuals effectively manage academic and personal challenges.

The programme was attended by **Dr. S. Viswanadha Raju, Principal**, faculty members, staff, and students. The participants actively engaged in the virtual session and gained valuable insights into maintaining a healthy and balanced lifestyle.

The session concluded with an interactive discussion and practical demonstrations of yoga techniques. The programme successfully encouraged participants to incorporate yoga into their daily routines and reinforced the institution's commitment to promoting holistic health and wellness among its academic community.

❖ Library Day Celebration (14 May 2026)

Library Day was celebrated on 14 May 2026 at JNTUH University College of Engineering Sultanpur with the objective of promoting reading habits, knowledge acquisition, and effective utilization of library resources among students.

The programme highlighted the importance of libraries in academic growth, research, and lifelong learning. Various activities were conducted to encourage students to develop a regular reading habit and make optimum use of the books, journals, digital resources, and other learning materials available in the library.

Students actively participated in the activities and were motivated to explore diverse sources of knowledge beyond their academic curriculum. The celebration emphasized the role of libraries in enhancing intellectual curiosity, critical thinking, and self-learning abilities.

The programme was attended by **Dr. S. Viswanadha Raju, Principal**, faculty members, library staff, and students. Their participation reflected the institution's commitment to fostering a culture of reading and academic excellence.

The event successfully created awareness about the value of libraries as centers of learning and inspired students to cultivate reading habits that contribute to their personal and professional development.

❖ NSS Activities: Campus Cleanliness and Environmental Awareness Programme (15 May 2026)

The National Service Scheme (NSS) Unit of JNTUH University College of Engineering Sultanpur organized various community service and environmental awareness activities on 15 May 2026 with the aim of promoting social responsibility, environmental conservation, and community engagement among students.

As part of the programme, NSS volunteers and faculty members actively participated in **campus cleaning drives**, **tree plantation activities**, and **environmental awareness initiatives**. The cleanliness drive focused on maintaining a clean and hygienic campus environment, while the tree plantation activity emphasized the importance of increasing green cover and preserving ecological balance.

During the awareness programme, participants were educated about environmental protection, sustainable practices, waste management, and the need for collective efforts in conserving natural resources. The activities encouraged students to adopt environmentally responsible behavior and contribute positively to society. The programme was attended by **Dr. S. Viswanadha Raju, Principal, Sri V.Rajanesh, NSS Programme Officers**, faculty members, NSS volunteers, and students. Their enthusiastic participation demonstrated the institution's commitment to community service and environmental sustainability. The activities successfully strengthened environmental consciousness among students and reinforced the core values of the NSS, namely service, social responsibility, and nation-building through active community participation.

❖ **Book Distribution Programme (16 May 2026)**

A **Book Distribution Programme** was organized on 16 May 2026 for the children of supporting staff, including housekeeping, security, and gardening personnel. The initiative was undertaken with the objective of supporting education, encouraging reading habits, and contributing to the academic growth and development of young learners.

The programme emphasized the importance of education and the role of books in enhancing knowledge, creativity, and learning skills. Educational books and study materials were distributed to the children to motivate them in their academic pursuits and foster a culture of reading from an early age.

The programme was attended by **Dr. S. Viswanadha Raju, Principal, Dr. Y. Raghavender Rao, Vice Principal, Sri K. Sathya Sai, Deputy Registrar**, faculty members, supporting staff, and their children. Addressing the gathering, the Principal highlighted the significance of education in shaping a brighter future and encouraged the children to make the best use of the learning resources provided to them.

The beneficiaries and their families expressed their gratitude for the thoughtful initiative, which reflected the institution's commitment to social responsibility and inclusive development. The event also served as a gesture of appreciation towards the supporting staff for their valuable contribution to the institution.

The programme concluded on a positive note with the distribution of books and interaction with the children. The initiative successfully promoted educational awareness and reinforced the institution's commitment to supporting the welfare and educational advancement of the families of its supporting staff.

Note Books Distribution to the Children's of Staff

❖ Seminar on AI Tools (17 May 2026):

A **Seminar on Artificial Intelligence (AI) Tools** was organized on 17 May 2026 at JNTUH University College of Engineering Sultanpur. The seminar was conducted by **Dr. S. Viswanadha Raju, Senior Professor, Department of Computer Science and Engineering, and Principal, JNTUH UCES.**

The objective of the seminar was to familiarize faculty and staff members with emerging Artificial Intelligence technologies and their potential applications in higher education. During the session, Dr. Viswanadha Raju demonstrated various AI-based tools and applications that can significantly enhance teaching, learning, research, and administrative processes.

The seminar covered the practical use of AI tools for content creation, academic research, data analysis, presentation development, documentation, and institutional management. Participants were introduced to innovative technologies that can improve productivity, streamline routine tasks, and support informed decision-making within educational institutions.

The resource person also highlighted the growing importance of Artificial Intelligence in transforming the education sector and emphasized the need for faculty members to continuously upgrade their technological skills to meet evolving academic and professional requirements.

Faculty and staff members actively participated in the interactive session and gained valuable insights into the effective integration of AI technologies into academic and administrative activities. The programme provided a platform for exploring innovative digital solutions that can contribute to institutional growth and excellence. The seminar successfully promoted awareness of Artificial Intelligence and digital transformation, encouraging participants to adopt technology-driven approaches for enhancing educational quality, research outcomes, and overall institutional development.

Sincerely,
